# PC3000/4000

Program Selector

▶ Features

- **Flexible system**
- **Compatible with AUDAC, Niko, Legrand and bTicino installation materials**
- **Selectable out of 5 sources**
- **Slim design**
- **Blends beautifully into walls**
- **Easy installation**

▶ Applications

- **Private houses**
- **Industrial buildings**
- **Offices**

The PC3000 and PC4000 are flush mount wall program selectors, which are compatible with Audac, Niko, Legrand, bTicino and other standard 45 x 45 mm installation materials. They are available in black (/B) and white (/W).

The output can be selected out of 5 different sources using the rotatable dial.

Due to it's slim and good looking design, these program selectors will blend into all kinds of different environments or interiors.

The construction of the PC3000 and PC4000 is made with sturdy ABS and therefore suitable for big projects in industrial buildings to the standard installation into home design interiors.

The connections are made at the rear side, using screw terminal blocks.

Matching coverplates for the PC3000 are separately available (CP45CF), while the PC4000 is designed to be used in combination with bTicino installation materials.

Available in Black (/B) and White (/W).
