- 3-Year Warranty Program*
- Conceived and designed by BEHRINGER Germany

knob for the amount of volume reduction of the music ("ducking"). If it can be clicked, spun or spoken, the VMX1000USB can mix it!

DJ's Dream Machine

Whether you're a stunt DJ, who's adding multiple elements into the mix, or just keeping it simple – the USB-ready VMX1000USB is the ideal mixer for you. Featuring 7 channels equipped with our super-smooth ULTRAGLIDE faders with a lifespan of up to 500,000 cycles, and a VCA-controlled crossfader with adjustable curve – you can set up the VMX1000USB quickly to accommodate your personal mixing style. VMX1000USB's crossover also has a Reverse switch which allows rapid source changes, and it even has a Hold function. The easy-to-use VMX1000USB also gives you individual 3-band channel kill EQs (-32 dB) and Gain controls per channel, plus a 10-segment LED ladder Level Meter for the Main Outputs, which feature balanced XLR connectors. Add in our mind-blowing XPQ 3D Surround effect for a larger-than-life stereo soundscape, and the VMX1000USB provides outstanding functionality, along with the utmost comfort, reliability and smooth performance that will last for many years to come!

Live Large With More Mediums!

Like the trusty DJ mixers of yore, the VMX1000USB features RCA inputs for mixing up your favorite vinyl cuts via your turntables, as well as tape, CD and mp3 players. But the VMX1000USB's state-of-the-art USB connectivity enables you to also access your computer's mp3 library, or digitize your own creative mix using your PC or Mac* computer. The VMX1000USB also features 2 dedicated Mic channels for announcements, an impromptu rap – or any other vocal nuance. Talkback functionality is automatically enabled when you speak into the microphone, just set the Sensitivity knob for your voice, and the Depth

VMX1000USB Special Features

Being the largest DJ mixer in the series, we loaded the VMX1000USB with loads of extra features – features and experienced artist is sure to enjoy, such as a Mic Aux Send with stereo Returns for access to an FX processor for use solely with the 2 microphone channels. We also gave the VMX1000USB EQ Bypass switches on all stereo channels and a built-in Subwoofer Out section with adjustable Crossover frequency (30 - 200 Hz) and Level controls. And because you can never ignore those waiting in-line to join the party, we also included Main 2 RCA Outputs with its own separate volume control so you can send the program signal to a secondary zone, such as the lobby, patio or waiting area.

Value

When you hook up to a VMX1000USB mixer with USB connectivity, you're adding the ultimate modern touches to your rig – at a price that will leave you with cash to spare! The superior build quality and rugged components mean this mixer will serve you well for years and years to come. Drop in at your nearest dealer, or get yours online today – and find out why so many DJs are making musical magic with the VMX1000USB!
