- VCA-controlled faders for utmost reliability and smooth audio performance

- Adjustable crossfader curve for all mixing styles

- 2-band kill EQ (-32 dB) and precise level meters with peak hold function

- Microphone input with studio-grade ULN technology

- Gold-plated RCA connectors for highest signal integrity

- 3-Year Warranty Program*

- Conceived and designed by BEHRINGER Germany

The 2-channel VMX100USB DJ Mixer is designed to connect directly to your computer and take your music straight into the digital realm. In an instant, the VMX100USB allows you to record and play any digital music file from your PC or Mac* computer – with no setup drivers required!

Dual intelligent, built-in BPM (Beats per Minute) counters with Sync Lock and Beat Assist help keep your tracks in sync – plus our VCA-controlled faders and crossfader ensure flawless performance. We've also included a free download for a massive software bundle that will transform your computer into a full-fledged music production and editing studio!

Live Large With More Mediums!

Like the trusty DJ mixers of yore, the VMX100USB features RCA inputs for mixing up your favorite vinyl cuts via your turntables, as well as tape, CD and mp3 players. But the VMX100USB's state-of-the-art USB connectivity enables you to also access your computer's mp3 library, or digitize your own creative mix using your PC or Mac* computer. The VMX100USB also features a dedicated mic input for announcements, an impromptu rap – or any other vocal nuance. If it can be clicked, spun or spoken, the VMX100USB can mix it!
