EUROLIVE B110D

Active 300-Watt
2-Way 10" PA Speaker System
with Wireless Option

- High-power 300-Watt 2-way PA sound reinforcement speaker system for live and playback applications
- Ultra-compact and lightweight system delivers excellent sound even at extreme sound pressure levels
- "Wireless-ready" for high-quality BEHRINGER digital wireless system (not included)
- Ultra-low noise Mic/Line input with Volume control and Clip LED
- Dedicated 2-band EQ plus integrated sound processor for ultimate system control and speaker protection
- Additional Line output allows linking of additional speaker systems
- Revolutionary Class-D amplifier technology: enormous power, incredible sonic performance and super-light weight
- Extremely powerful 10" long-excursion driver provides incredibly deep bass and acoustic power
- State-of-the-art 1" phenolic compression driver for exceptional high-frequency reproduction
- Ultra-wide dispersion, large-format exponential horn
- Additional Line output allows linking of additional speaker systems

The EUROLIVE B110D is a super-compact, exceptional 2-way, 300-Watt PA sound-reinforcement loudspeaker with Wireless Option that is ideal for live sound, portable PA, monitor wedge and House of Worship applications. This amazingly-versatile active loudspeaker is ultra-lightweight thanks to our revolutionary Class-D amplifier technology – and it comes "Wireless-ready" for use with our incredible ULM Digital Wireless Microphones. A convenient Line Output allows you to connect multiple B110D speakers, or any of our other high-quality active loudspeakers. Sound reinforcement has never been so easy!

Own the Stage with Digital Wireless

Get wireless-ready with the built-in, dedicated connectivity of our ULTRALINK ULM Series wireless microphone system (to be ordered separately). Wireless gives you maximum freedom and mobility without the need to run cables. The highest-quality sound is provided thanks to the ULM's digital, license-free 2.4 GHz frequency spectrum.

The ULM wireless system combines professional-quality sound with simple setup and an intuitive interface for legendary audio performance right out of the box. Just plug in the ULM receiver "dongle", and instantly you have an exceptional wireless mic system. Freeing you from cables is the simply easy way to own the stage.

Portable Speakers

EUROLIVE B110D

Active 300-Watt
2-Way 10" PA Speaker System
with Wireless Option

- Versatile trapezoidal enclosure design allows different positioning:
 - Stand mounting with 35-mm pole socket
 - Tilts on its side for use as a floor monitor
- Ergonomically shaped handles for easy carrying and setup
- 3-Year Warranty Program*
- Conceived and designed by BEHRINGER Germany

Front End Flexibility

Flexibility rules the day on the B110D, with input options for your choice of an ultra-low noise Mic or Line input with a dedicated Volume control and Clip LED. Tone shaping options such as a dedicated 2-band EQ plus integrated sound processor are included for the ultimate in system control, as well as speaker protection. The additional Line Output allows you to connect multiple B110D units, or any of our other high-quality active loudspeakers.

Class-D - Massive Power, Perfect Sound

Thanks to our revolutionary Class-D amplifier technology, we are able to provide you with enormous power and incredible sonic performance in an easy-to-use, ultra-portable and lightweight package. Class-D amplification makes all the difference, offering the ultimate in energy efficiency and eliminating the need for heavy power supplies and massive heat sinks. This amazing technology makes it possible to design and build extremely-powerful products that are significantly lighter in weight than their traditional counterparts, while using less energy and protecting the environment.

Superb Sound Quality

The B110D features a powerful 10" long-excursion low-frequency driver for solid bass, a 1.35" aluminum-diaphragm compression driver mounted on an ultra-wide dispersion, large-format exponential horn for crystal-clear high-frequency reproduction. These speaker components were designed specifically as a perfect match for the amplifiers that drive them, ensuring excellent performance and amazing sound every time!

Future Proof

Versatile and extraordinarily user-friendly, the B110D offers convenient expandability, allowing your sound system to grow as your coverage requirements change. Thanks to the trapezoidal enclosure design, the B110D can also be used as a monitor wedge, making this solution ideal for a wide range of applications. The additional Line Output allows linking multiple speaker systems to form a larger array, and the 35-mm pole socket allows mounting on speaker stands at the optimal height for maximum coverage.

As your system needs grow, you can easily pole mount your B110D speakers atop a pair of B1200D Active Subwoofers to add some serious bottom-end to your mix. The B110D features the highest-quality components throughout – and the exceptionally-rugged chassis and enclosure build ensures many years of top-notch performance. When you add it all up: superb sound quality; high output power; lightweight portability and scalability – plus wireless mic ease-of-use and rugged-durability, the EUROLIVE B110D will elevate your sound-quality to the next level.

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own MUSIC Group factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world.

As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous 3-Year Warranty program.
